You'll come back you know (x2)

Time after time you walk away,
only to return
Always the same, always the same
after each sojourn
You repeat those worn out lines,
I have heard before
Still I know down deep inside,
you'd never close the door
You'd never close the door

(Refrain)

You'll come back you know
you'll always come back to me
No matter how far you go
you'll always come back
you'll come back you know
you'll always come back to me
No matter how far you go
you'll always come back
you'll always come back to me

you'll come back you know

Sometimes you wait out all the year,
but mostly just a day
The loneliness you cannot bear
although you'd never say
Instead you say those worn out lines
to me just the same
knowing that I will resign
and take you back again

(Refrain)

You'll always come back
You'll always come back to me

You'll always come back to me (x2)

You'll come back you know (x2)
