Intro: Noble

Yeah (echo) this streetlife thatz what we live  
thatz what we been livin  
tell'em somethin

Verse yo Baltimore keep the glock the right  
street niggaz sling the rock right  
We drop crimez down the drain  
dun we off the chain  
Life the one to put u deep  
off the block glock bake more shit than  
Betty Crocker  
What  
I live from the gutta  
shed tearz in the gutta  
walk the streetz for a while u see niggaz dead  
in the gutta  
Put my slang clear  
so u understand me, when I get on  
watch u niggaz understand fear  
My blood is red as another nigga'z  
ain't got the fame but I got flame  
that can't be exstinguished....shit  
U niggaz feel me, thatz why u bobb ya  
head and I ain't got no beat  
I'm 16 Straight from the streetz  
This Baltimore
