going like a lighter up in the air
aint no way im missin that right there
she catchin' your eye just like a red light
think imma have to take her from this
sexy as a motha tryna keep my composure
got every guy tryna get to know her
she whinin' like a pro
flirtin on the low
that look about to get her in trouble

[bridge]
run if you want to
but you know what you wanna do
you'll be mine before the night is over

[chorus]
girl ima make you march to the beat of my drum
once i put it on ya baby you'll be in love
if you got a man i'll make you forget him
playin hard to get, i aint even gon sweat it
girl i'll make you march to the beat of my drum
i will have your heart the second we touch
if you got a man i'll make you forget him
right here on the floor
imma tell you how to march to the beat of my drum

she got a body-ody like jessica rabbit
flossin like she want me to grab it
lickin her cherry lips, do anything for a kiss
im feenin' like an addict (addict)

[bridge]
run if you want to
but you know what you wanna do
you'll be mine before the night is over

[chorus]
girl ima make you march to the beat of my drum
once i put it on ya baby you'll be in love
if you got a man i'll make you forget him
playin hard to get, i aint even gon sweat it
girl i'll make you march to the beat of my drum

i will have your heart the second we touch
if you got a man i'll make you forget him
right here on the floor
imma tell you how to march to the beat of my drum

i can't resist (can't resist)
i can hear your body callin' for me
i'm serious, lovin' it
i can see you in the dark focused on me
yes baby you don't have to say a word
i'll handle it
i'll make you march to the beat of my drum

[chorus]
girl ima make you march to the beat of my drum
once i put it on ya baby you'll be in love
if you got a man i'll make you forget him
playin hard to get, i aint even gon sweat it
girl i'll make you march to the beat of my drum
i will have your heart the second we touch
if you got a man i'll make you forget him
right here on the floor
imma tell you how to march to the beat of my drum
