Hey (yes)
Ooh (yes)
Check this out
Here we go, c'mon

Feels like I just bought a million dollar home on the
beach
And a wave just came and washed it away
Feels like I just bought a Maybach with cream leather
seats
Only to watch another dude drive it away
It's like at halftime watching me just before the buzzer
goes off
And the ref just says it don't count at all
I know it's my fault
If I coulda rewind and do it all over again
Hey, you'd still be my lady
You that real is they talk about (this is it)
When you're real young and you eavesdrop on the
grown folks convo
You know that regret that got me down (this is it, deal
with it)
Imma try but it's hard without my shawty around

[Chorus]

You are my strong foundation (yes)
C.E.O. of my heart foundation (yes)
Without you, don't think I'm gon make it (yes)
Here I am, here I stand
Baby, now I got a plan
Just be my strong foundation (yes)
President of my heart's foundation (yes)
Without you, don't think I'm gon make it (yes)
Here I am, with these hands
Wanna build a strong foundation

Now that you see I'm sincere
Baby, will you give me a chance?
(These are my true colors)
(Nothing else another color)
Nothing but honesty, baby
That's what you got standing here, yeah (yes)

From now on it's 50/50 (famous keep before)
Don't gotta worry bout a thing
When you're with me, no (girl, just put your feet up)
Cuz I, I get it now
If I don't put it down
Some guy might come around
And take my crown now

[Chorus]

Oh, I've tried without you but I can't let you go
I'm better off with you next to me
I'm do the part of love is learning to let it go
But without you here, now all I can see is

Oh, oh (5x)

All I can see is

Oh, oh (5x)

Won't you be...

[Chorus]

(Yes) (6x)
