Listen to me girl,
I wanna get so close to you,
So many things I wanna do to you!
I can picture her together on...
Baby you and I together on the dance floor.
So stop playing games,
I wanna see you...
So...
So I can show you:

[Chorus:]
I won't do you wrong girl,
I'm not a bad man,
Believe it, you'll see it,
Let me do my thing girl!
I'll treat you right, girl!
I want you!
Let me make my move baby,
Just follow!
Just follow!
Just follow!
Just follow me!

I see you walking there,
But I know I know you noticed me,
Oh yea, it's good to see,
I've seen you checking me, oh yea!
Girl! Come over here!
I want to talk, I wish you...
So walk with me, baby
I want you to follow,
And stop playing hard to get,
So you can see that:

[Chorus:]
I won't do you wrong girl,

I'm not a bad man,
Believe it, you'll see it,
Let me do my thing girl!
I'll treat you right, girl!

I want you!
Let me make my move baby,
Just follow!
Just follow!
Just follow!
Just follow me!

I will never give up on you!
Shall take a minute, yea?
Let's stop the game we play,
I will never give up on you!
Cause when I look at you,
I see the one that took my heart.
When you're feeling lonely tonight,
Just call me, I'll be up all night
Thinking of you, all the things that we could do,
So let me tell you!

[Chorus:]
I won't do you wrong girl,
I'm not a bad man,
Believe it, you'll see it,
Let me do my thing girl!
I'll treat you right, girl!
I want you!
Let me make my move baby,
Just follow!
Just follow!
Just follow!
Just follow me!
