[Verse:1]

I-Imma step out the box
And do something for you
That you aint neva seen before
Now let me show what I got
Be creative with it
So that youÂ'll be wanting more
Cuz every dude wanna plant a chick roses
Every dude wanna keep ya neck frozen
Every dude wanna take you for a ride in his car
That aint how IÂ'm going show it
Feel me? CanÂ't keep you open
Got my pen and paper hereÂ's how I start soÂ...

[Chorus]

I Imma write you a song
And everytime I sing it
IÂ'mma sing from my heart
So that you know that with me girl
Is where you belong
You know thatÂ's what you want girl
Aint even gotta front girl
I Imma write you a song
And every time u hear it on the radio
All the honeys screaming like the song is for them
But you know itÂ's pretend
You been my shawtie from back when
Imma write you a song

Every dude wanna keep ya neck frozen
Every dude wanna take you for a ride in his car
