It's been three long months  
I think I've had enough  
Waiting for you to come home

It's been three long years  
Full of blood and sweat and tears  
Of waiting for you to come home

Feel the weight of the situation  
Feel it in your chest

Show me who you are, who you really are  
I've been trying oh so long to keep you  
Here in my arms, here in my arms  
Show me who you are, who you really are  
I've been trying oh so long to keep you  
Here in my heart, here in my heart

And I don't think that I can be  
The one who's waiting patiently  
So when will you decide  
To choose the one who's been behind you all along?

Feel the weight of the situation  
Feel it in your chest

Show me who you are, who you really are  
I've been trying oh so long to keep you  
Here in my arms, here in my arms  
Show me who you are, who you really are  
I've been trying oh so long to keep you  
Here in my heart, right here in my heart

Baby, you're lyin'  
And I can see right through you  
Baby, you're lyin'  
And I can see right through you

Show me who you are, who you really are  
I've been trying oh so long to keep you  
Here in my arms, right here in my arms

My arms, my arms, my arms

(Baby)

Baby

(You're lyin')

You're lyin'

(Baby)

Baby, no, no-o-o-o

(Baby)

Baby

(You're lyin')

You're lyin'

(Baby)

And I can see right through you
