I know he pushed you to the floor  
And took something so, so sacred  
He left you bleeding  
He left you feeling desecrated

Take a morning after  
Don't fix this wrong with wrong  
I can stand here beside you forever  
Would you know my name?

I could love her

Since when does a rapist decide my fate?  
This big fucking needle inside my head  
And it's sucking the life out of me  
Can you feel me inside, can you feel as I die?  
Can you feel it on the inside as I slide away?

It's hard to find something more  
Inside your mind then how you stole it  
It's how you hold it

Just let me be, just let me be  
And when I fall out you won't be there  
You're walking away from the place you came to  
Don't let me fall here  
And there's something inside your anger

I could love her (forever)

I could love her  
It's worthless to miss you  
Worthless like me  
I don't wanna die here  
In your dirty world

(Don't you fucking care?)  
Does he leave her broken in the corner of the room?

I could love her
