

Matrix, The "I Love You"

Visit "[I Love You](#)" on MotoLyrics.com

You're never boring, you're always changing
You're so amazing, every word you say
I'm serious delirious, I'm into this, I'll let you lead the
way
I'm wild about you, I'm mad about you, what more can I
say

(I mean what I was tryin to say was)
I love you and everything you do
I love you, I'll never say we're through
You love me too, sun is shining, the world is smiling
And, baby, I love you

Your stupid laugh, your silly grin
Your salty skin, I can't help myself
I wanna touch ya, baby, see what you make me
I wanna do to you things I'd never do

I'm stuck without you, I'm lost without you
What more can I say?

I love you and everything you do
I love you, I'll never say we're through
You love me too, sun is shining, the world is smiling
And, baby, I love you

I love you...love you

See these arms, they wanna hold you
See these eyes, they wanna watch you
See this mouth, it wants to kiss you
The wildest part is that I miss you
And with my arms wrapped around you
You're never ever gonna get away

I'm mad about you, I'm wild about you
What more can I say

Yeah yeah yeah, everything you do
I love you, oh baby, never say it's through
You love me too, the sun is shining, the world is smiling

And, baby, I love you

I love you... and everything you do, I love you
Don't ever say we're through, you love me too
The sun is shining, the world is smiling
And, baby, I love you

Yeah oh oh yeah oh oh yeah oh oh
