I've played the song, now it drived me crazy  
I've run the race, now I'm too damn lazy  
This love of ours is a faded photograph, yeah, yeah  
Now am I supposed to lie to today?  
Seems a little different, hard to say, but it looks like the  
end

Time's, up promise this time I'm gettin' off  
Better we slam the door shut  
Didn't you know if nothing changes nothing changes  
Time's up, promise this time I'm gettin' off  
Better we turn the light off  
Love is a train, we wait for it even when it's gone

We've surfed the wave now we've hit the shore and  
We've squeezed the fruit till there's no more juice left  
We're both so good, good at keeping up the lie, yeah,  
yeah

Yea, but no ones got the time  
We can get it into perspective  
Kiss my lips, life is what we make it

Time's up, promise this time I'm gettin' off  
Better we slam the door shut  
Didn't you know if nothing changes nothing changes  
Time's up, promise this time I'm gettin' off  
Better we turn the lights off  
Love is a train, we wait for it even when it's gone

As I'm wavin you goodbye I want you to smile  
Save a picture in your frame, file it right next to my  
name  
I'm willing to die for willing to try, but not willing to lie  
for love  
I know that this cakes already baked... now it's burnin,  
burnin  
We can get it in perspective, kiss my lips, life is what  
we make it

Time's up, promise this time I'm gettin' off

Better we slam the door shut  
Didn't you know if nothing changes nothing changes  
Time's up, promise this time I'm gettin' off  
Better we turn the lights off  
Love is a train, we wait for it, yeah, yeah, yeah, even  
when it's gone  
Even when it's gone, if nothing changes nothing  
changes  
Time's up, promise this time I'm gettin' off  
Better we turn the lights off  
Love is a train, we wait for it even when it's gone
