English translation

Falling down, at the command of our desire for each other,
we rip away our shirts at our loss of control, night and day.
Since you obviously know we can't stop once we start,
tell me why you're still hiding your hesitation.
Again, you quickly escape from reality,
and are gazing at a faraway fantasy.
Now, why are you wandering about lost in your stimulating
desire to see someone?
Baby I wanna be your lover, Baby I wanna be your saver.
I want to dive right into your heart,
which I still can't quite open up.
Agitation, agitation, I want to agitate you to ecstasy.
Love is passion, love is session, let's head down even deeper.
I want you to be by my side more than I want anyone else,
so stop wandering and come to me.
Agitation, agitation, I want to make you feel hot.
Gettin' hotter, gettin' hotter, to the point of melting.
All we need to do is staying true to our feelings,
and my emotion tells me to embrace you.
You're holding back. Why can't you be more honest?
What do you want? There's only one answer, isn't there?
Since you obviously want to love and be loved,
tell no lie; there's no way you can completely trick me.
As you entrust your body to me,
your impulse feels so painful that I feel the need to hug you.

You're the sun that keeps scorching my heart dry.
Baby I wanna be your lover, Baby I wanna be your
saver.
Our future, still adrift and faint right now,
is a jive. Agitation, agitation,
I want to paint agitation all over your skin.
Love is motion, love is tension, even in this very brief
moment.
You're more important to me than anyone else in this
world,
so believe in me and come to me.
Agitation, agitation, until we burn out.
Gettin' hotter, gettin' hotter, we can no longer stop.
I have found the last piece to my incomplete puzzle:
I want your HEART. Don't run away now.
Oh Baby, tell me how I can,
or rather, tell me how to create love.
Charm me with your perfect proportions,
Let your hair flutter in the wind in a slow motion.
A U-turn is no longer one of my choices.
We have a new relationship for real now.
The higher our excitement rises, the deeper we will be
falling.
You should just be honest with yourself.
Come get it shawty. Again, you quickly escape from
reality,
and are gazing at a faraway fantasy.
Now, why are you wandering about lost in your
stimulating
desire to see someone?
Baby I wanna be your lover, Baby I wanna be your
saver.
I want to dive right into your heart,
which I still can't quite open up.
Agitation, agitation, I want to agitate you to ecstasy.
Love is passion, love is session, let's head down even
deeper.
I want you to be by my side more than I want anyone
else,
so stop wandering and come to me.
Agitation, agitation, I want to make you feel hot.
Gettin' hotter, gettin' hotter, to the point of melting.
All we need to do is staying true to our feelings,
and my emotion tells me to embrace you.
I don't mind getting hurt. Are you alright in your
perilous dream?
I wish to get a firm feel of you, down to even your
breathing.
No matter when, I'll be by your side.
I want to keep gazing only at your light.
Having thrown away everything, I'm so in love.
