English translation

Baby here comes the rain. Today's rain feels...
Do you feel the same pain? ...almost too cold.
Drenched, I think about you, who cannot sense my
feelings.
In order for you to sympathize with me,
I even displayed pity and compassion.
Your tenderness is in pieces and no longer working.
Emotion is, without a doubt,
something that no one can understand.
I wonder why. Why can't I catch up to you...
I wonder why. ...despite the fact that I still love you?
I had to lock away my clumped-up feelings,
and then lie about it.
I wonder why. Why are we still hurting each other...
I wonder why. ...despite the fact that it's so painful?
Collecting pieces of my memory painful as burns,
I am now shattering them.
Foolish foolish...You were shining so bright. You
illuminated...
Like a moon in the night. ...even my darkness.
If there were no light, I'd feel at ease not being able to
see anything.
From the very beginning I already knew you were
hiding about someone else.
Even though I knew everything, I put on a play feigning
ignorance.
It is not a mistake to wish to be loved.
I wonder why. Why won't you come for me?
I wonder why. Once again I'm soaked in loneliness.
I try to convince my own heart
that I am already used to this loneliness.
I wonder why. Why did we encounter each other?
I wonder why. Why did we seek after each other?
Collecting pieces of my memory brittle as glass,
I am now shattering them.
Foolish foolish...Even though I'm calling your name,
my voice ends up falling down and unheard by you.
At this stage even crying won't bring back anything.
I want to come to the realization that it's been an
illusions.
I want to believe that everything has been a lie.
I won't believe any kind of words.
I don't want to listen to anything. I wonder why. I merely
want you.

I wonder why. If only my wish could be granted.
I have no need for such thing as freedom,
for I only wish to embrace you again.
I wonder why. What can I do at this stage?
I wonder why. There is nothing I can do.
If I could forget about these memories,
then I wouldn't feel this agonized.
Foolish foolish...
