Speak to me  
Tell me something so typical  
A lullaby or something miserable  
That will keep me up at night

Cross out my eyes  
I know you planned it  
You know I love you  
and I can't stand it  
We just lost control  
We just lost control

CHORUS:  
Lie to me  
Give me something worth living for  
Tell me a reason worth fighting for  
Give me anything  
Anything to keep me breathing

Lie to me  
Give me something worth living for  
Tell me a reason worth dying for  
Give me anything  
Anything to keep me breathing

Lie to me  
Tell me stories so beautiful  
An epic, or something so terrible  
That it makes me weep

Cross out these days  
On your calendar  
It hurts me so much  
And I'm not quite sure  
I care anymore  
I care anymore

CHORUS:  
Lie to me  
Give me something worth living for  
Tell me a reason worth fighting for

Give me anything  
Anything to keep me breathing

Lie to me  
Give me something worth living for  
Tell me a reason worth dying for  
Give me anything  
Anything to keep me breathing

\*Chorus\*
