Last week she got my number, I never thought she'd
call
but that country queen surprised me, Lord she's got it
all
I hope she's not put off, this truck is all I've got
I'll crank those speakers up and give it my best shot

So I've got the dial tune to some hillbilly rock 'n' roll
Well I've got my windows down while I'm tearin' up the
open road
Rockin' to that redneck radio

Redneck radio, redneck radio

Joe's been working Sundays, he's got some overtime
He says I've got the money, let's go down tonight
Let's go grab the beer, head down by the lake
Turn up that stereo, and drop that tailgate

So I've got my dial tune to some hillbilly rock 'n' roll
Well I've got my windows down while I'm tearin' up the
open road
Rockin' to that redneck radio

Redneck radio, redneck radio

So crank up some Hank and Lefty, Willie and Waylon
too
Long as you're rocking with me, the way us rednecks
do

So I've got my dial tune to some hillbilly rock 'n' roll
Well I've got my windows down while I'm tearin' up the
open road
I'm rockin' to that redneck radio

Redneck radio, redneck radio
Redneck radio
