It's 5 o'clock  
driving sown Park Lane  
as London leaves  
for the weekend again  
through the dark city streets  
in the clinging rain  
I take my car  
towards the Thames  
and Waterloo.....  
6.02 Waterloo  
Was that a face I saw?  
No, just a trick of light  
It's getting clearer now  
but moving out of sight  
It's cold and late  
and I can't miss that train  
I turn around  
walk through the arch  
of Waterloo  
I saw the same hooded face  
He beckoned me from the gate  
"Did you not know, my friend?  
Ten years ago was the end  
After the war  
Waterloo was no more,  
But your ticket states  
There is one train  
It's leaving now  
And there is a place  
Remember my face  
and Waterloo....."
