"If you leave me now
You taking everything for me
My love is blind but baby I still see
So tell me how
Is this the way love meant to be
Together you and me

It's destiny
It's destiny
It's destiny

Together you and me
Together you and me
Together you and me
Together you and me

It's destiny
It's destiny

Can I hold you close
I can feel you near me every day
Just tell me every thing will be okej
I never knew
How much you care but now I see
Together you and me

It's destiny

Together you and me
Together you and me
Together you and me
Together you and me

It's destiny
It's destiny

If you leave me now
You taking everything for me
My love is blind but baby I still see
So tell me how
Is this the way love meant to be

Together you and me

It's destiny"
