Let's make love  
Come on and celebrate  
One more time and the stars will shine  
Let's make love  
Come on and celebrate  
Baby get up now  
Turn your look around

We're holding up right now  
It makes you feel somehow  
We'll be together forever there's no doubt  
Holding up right now  
It makes you feel somehow

Just making love  
We're making love  
Just making love...  
We're making love...

Ref: Let's make love  
Come on and celebrate  
One more time and the stars will shine  
Let's make love

Come on and celebrate  
Baby get up now  
Turn your look around

Just making love  
We're making love...  
Just making love...  
We're making love...

Baby get up now  
Turn your look around

Ref x2: Let's make love  
Come on and celebrate  
One more time and the stars will shine  
Let's make love  
Come on and celebrate  
Baby get up now

Turn your look around
