[Verse 1]

Attitude

Kin of the Maasai

With the spirit of a samurai

Coincide with organic elements till I'm fortified

The horror lies in some joints

I explore the high points

Stratosphere

Others try to fly but I'm the baddest here

Battle gear

Shield, helmet, sword like the Lord

Floored by the beauty while I soar

Nihon the name sounds like a poem

Roam for research

Even if my feet hurt

Still step and quiet kept

Met energies befriending me

Envy never meant to be

It started last century

With thought, never discouraging

Landscapes that are flourishing with cherry blossom
winds

Fond of Koi ponds, watch the day as it begins

Watch the night before it bends

Boomerang effect return for what's next and mic
checks

Flex a muscle through the hustle rustle feathers get the
pay

Meanwhile, beauty bombs this place

GEISHAS IN THE DAYS

[Chorus]

A classic feel generates the seal

Nuff respect to staying real cause... GEISHAS IN THE
DAYS

Used to keep bonds & complete charms

In the city and the farm you know... GEISHAS IN THE
DAYS

Hold that spot, respect is all I got

So hear the story as I talk about... GEISHAS IN THE DAYS

Ancient times combined with the new
Obliged to stay true like...

[Verse 2]

Abstract

Electronic settings

Betting on reality

Commonly placed on the edge minus the casualties

Calligraphy takes shapes that make me understand

I'm the centerpiece artist in God's Great Plan

From Cali to Japan respect High demands

Cause I'm a centerpiece motif a broad mind span

Fan fire

My desire used to be like Rick's

Fixed upon the lips that dangle configure the angle and
try

So high

Feel as if the sun rise

When I pass by Fuji-san on the Shinkan

Energy that merges through my meditation

Spiritual alliance feeling liberation

Random points of interest

Intensive like a mistress that's loved from the side

How could you ever miss this?

Inconclusive

No excuses for this super producer

Kirei, bombs away

Like GEISHAS IN THE DAYS

[Chorus]

A classic feel generates the seal

Nuff respect to staying real cause...GEISHAS IN THE
DAYS

Used to keep bonds & complete charms

In the city and the farm you know... GEISHAS IN THE
DAYS

Hold that spot, respect is all I got

So hear the story as I talk about... GEISHAS IN THE DAYS

Ancient times combined with the new
Obliged to stay true like...

[Verse 3]

Addiction

Never front on fiction

Historical values

Life retaining secrets

As I go compile clues
Use it to my benefit
I've really gotten into it
Illest in my younger days
Magnifying solar rays
Displays of self-control
Target mind, body & soul
Bringing new to the old
Peoples know how I roll
Like Black folks, soul seems to overflow in this place
My Mac Pro glows at the shows performing with grace
Take a taste of a basic way of life
A basic way of giving to a true form of living
Negativity sparks the bark but will never catch
It's a shame, especially when flames versus rain
Tamed society still sole propriety
Mushrooms die but the high will never lie
May the title be claimed at the end of the day
Hagakure I say y'all
GEISHAS IN THE DAYS

[Chorus]

A classic feel generates the seal
Nuff respect to staying real cause...GEISHAS IN THE
DAYS

Used to keep bonds & complete charms
In the city and the farm you know... GEISHAS IN THE
DAYS

Hold that spot, respect is all I got
So hear the story as I talk about... GEISHAS IN THE DAYS

Ancient times combined with the new
Obliged to stay true like...
