4 months 3 weeks I'm counting again
But that's just how long it's been
Since you be gone through light but when
I thought I could get used to,
even find somebody new, everything will be alright
But until the lonely night, tell me what do I do, to try to
ease the pain
I ... always had you, why did we had to change
Tell me what do I do? When my feelings still remain
Come back to me, I'm going insane

[Chorus]

Tell me how do I cope without having you around
baby I don't know what to do with myself
it's so sad but we were meant to be
tell me how do I cope, tell me how do I cope, tell me

What happened to the wedding plans, honey moon on
the beach , in the sand
Just me and you doing the things that lovers do
You don't get no better, no, but girl will never see the
day
since you , and went away,
tell me what do I do, to try to ease the pain
I ... always had you, why did we had to change
Tell me what do I do? When my feelings still remain
Come back to me, I'm going insane

[Chorus]

Tell me how do I cope without having you around
baby I don't know what to do with myself
it's so sad but we were meant to be
tell me how do I cope, tell me how do I cope, tell me
Tell me how do I cope without having you around
baby I don't know what to do with myself
it's so sad but we were meant to be
tell me how do I cope, tell me how do I cope, tell me

Uh, how do I cope, I tried to walk away from the
memories
but just like a ghost they always seem to haunt me

I don't know if I can do this no more, I'm knocking on
heaven door
someone let me know

[Chorus]

Tell me how do I cope without having you around
baby I don't know what to do with myself
it's so sad but we were meant to be
tell me how do I cope, tell me how do I cope, tell me
Tell me how do I cope without having you around
baby I don't know what to do with myself
it's so sad but we were meant to be
tell me how do I cope, tell me how do I cope, tell me.
