She takes me to Mars, we count the stars  
Just the way you are girl I'm feeling your star  
Girl please don't go too far, don't know who you are  
I feel like I'm flying when I see her  
Cause she's got it all, when she moves her ,  
We're riding to a star, everything you can imagine  
Catch you by the heart, can get your clothes  
she's all, I've been looking for, and she's got it all so I  
gotta know

I gotta know her, I gotta know  
I gotta know her, I gotta know cause she's got it all  
I gotta know her, I gotta know her  
I gotta know her, I gotta know her  
She's unbelievable like a ufo, ufo, like a ufo

I would take her hand go to another planet  
She sends me away, might never come down  
She shines like the sun but she's so mysterious  
She could be the one who can take it serious  
She , and , clothes, so beautiful, like a ufo  
and everyone knows that she's unexplainable  
that's why I gotta know if she's available  
I really gotta know

I gotta know her, I gotta know  
I gotta know her, I gotta know cause she's got it all  
I gotta know her, I gotta know her  
I gotta know her, I gotta know her  
She's unbelievable like an ufo , in a fire,  
and just like a thief in the middle of the night  
If I had my way I would take you by surprise  
get you away from here, make you my heart

I gotta know her, I gotta know  
I gotta know her, I gotta know cause she's got it all  
I gotta know her, I gotta know her  
I gotta know her,  
Cause she's unbelievable like a ufo,  
I gotta know her, I gotta know  
I gotta know her, I gotta know, she's got it all

I gotta know her, I gotta know her  
I gotta know her,  
She's unbelievable like a ufo, oho, like a ufo  
I gotta know her.

Thanks to Andrei
