When I died I very very cold,
That night I had got stoned,
Goin round a sharp turn really fast,
When we hit a bump we jumped off our ass,
Drivin my Ferarri goin 94,
Skided to a stop and jumped out the door,
Everyone stoped and stared as
We got out and choked on the air...
Drivin my Ferarri goin 94,
Skided to the side and flipped over,
When I died I was very very cold,
That night I had got stoned,
Goin round a sharp turn really fast,
When we hit a bump we jumped off our ass..
