"Let me say no"

I just wanna get out of here

You keep me here like a bird in a cage

Chorus:

Let me say no! (Repeat softer)

When you tell me to go back in

Let me have a taste of freedom!

That I never had before

Of the air, that surrounds me

Let me say no!

I just wanna get out of here

How am I to find my happiness (long pause)

If you don't let me go (repeat)

Repeat Chorus

Don't say I can't say no!

'Cause I'm out of here

Oh yeah! Out of here!

Just don't say I can not

Can not say noooooooooo!
