Lift the wheels up from the roadway
Close your sparrow's glassy eyes
That walk upon the water
Once more for me
Are those dead diamonds baby
Or are they stars gone to sleep

So low that you might miss me
Ah yeah
Slowly fades the light
So low that you might miss me
Ah yeah
Slowly fades the light

Wait for the Spring

And to this thing
I do surrender
To the darker sin
I climb with a vine
On a graveyard train
Hauling away
Drowning to die
Down four fathom five
Dwell hollow ground
Dark hollow trees

What from heaven's tongue is heard

Through the veins
Love sustained
Another night out

So low that you might miss me
Slowly fades the light

Another night out

Wait for the Spring

And to this thing
I give myself

On a graveyard train
Pulling away
Down into heaven
Down into heaven
Down into heaven
heaven
Dwell hollow ground
Dark hollow trees

Dwell hollow ground
Dark hollow trees
