In the dead of night  
I become someone else  
Cut all my ties  
Blow my mind of the shelf

We're a lawless brigade  
Up all night, up all night  
We're a lawless brigade  
Up all night, no restraint

Let it rise  
Way out of control  
You can't disguise  
What's inevitable

We're a lawless brigade  
Up all night, up all night  
We're a lawless brigade  
Up all night, no restraint

In the dead of night  
I become someone else  
Cut all my ties  
Blow my mind of the shelf

We're a lawless brigade  
Up all night, up all night  
We're a lawless brigade  
Up all night, no restraint

We're a lawless brigade  
Up all night, up all night  
We're a lawless brigade  
Up all night, no restraint
