Now nothing can touch me
I've seen what I can be
Lonely I've walked through the fire
But I'm Still Alive

Now nothing can touch me
I've seen what I can be
Lonely I've walked through the fire
I'm Still Alive

Would ya climb up the mountain
Would ya battle the ocean
Would ya give just to loose it all
I've been living my life and
Try to learn ever lesson
Now I see why I fight and I fall

When the roads not to wide
Then trust the heart never lies

Now nothing can touch me
I've seen what I can be
Lonely I've walked through the fire
But I'm Still Alive
I'm Still Alive

If ya lost all the meanin
No more truth to believe in
Would the light inside fade to grey
But if ya shine like a diamond
Don't get caught in the moment
Never letting your breath slip away

When the roads not to wide
Then trust the heart never lies

Now nothing can touch me
I've seen what I can be
Lonely I've walked through the fire
But I'm Still Alive
I'm Still Alive
