Between here and there there's a lot goin' on
Rock 'n' roll baby won't stay at home
You never really get everything in light
But I'm gonna find her tomorrow night
She's somewhere between here and there

Well, she got a lot of love that I'm gonna get
If you think I'm kiddin', got no money to bet
Starting right now, I'm gonna lose these blues
Find me a pair of rockin' shoes
Gonna find her between here and there

Well, north, south, east or west
I'm gonna find her rockin' trail
If I have to hitch a ride on a movin' star
Even on the back of a snail
She's a real gone cat and she likes to rock
A hit in every state, 'cause she never stops
Gotta get a-goin' 'cause it's gettin' late
I know that my baby ain't a-gonna wait
She's somewhere between here and there, yeah

Well, I'm tellin' you man, she really is the most
Queen of the mall, everywhere she goes
Blue jeans on and her hair let down
The rockin' baby that ever hit the town
She's somewhere between here and there

Well, north, south, east or west
I'm gonna find her rockin' trail
If I have to hitch a ride on a movin' star
Even on the back of a snail
She's a real gone cat and she likes to rock
A hit in every state, 'cause she never stops
Gotta get a-goin' 'cause it's gettin' late
I know that my baby ain't a-gonna wait
She's somewhere between here and there
