its hard for me to let go
but we need time apart
to let things overgrow
my friends say we need to cease
all this foolishness between you and me
cause you know that you still love, still love that man
its hard for me to do this
its hard for me to say this
its hard for me to let go
one stupid foolish argument
caused this whole predicament
messed up our relationship
its hard
you told me you loved me
and i told you i loved you
and hurts so bad right now
cause you're gone
its hard for me to do this
its hard for me to say this
its hard for me to let, let you go
we need to settle down
and work this thing out
cause all this fussing
just aint right
i need you to understand
dat you're my one and only man
and it would be so hard to let you go
ooooooooohhhhhhhh
its so hard for me to do this
its so hard for me to say this
i love you baby
i need you baby
its so hard, hard for me to let go
ooohhh
i need you
its so hard for me to let gooooo
