Once, when I wander into your thoughts
Like a foggy shape in the distance
Whose face you don't recognize,
But whom you feel close, nevertheless...

When, for a brief moment, your eyes
Reflect memories and our dreams,
Reminding you of a time long gone,
I which you had a dream...

When a song, old and so familiar,
Takes you back to a small town,
To a bridge you used to call yours,
But no longer remember its name...

When you suddenly make a sigh
Filled with unexplainable sorrow
That overwhelms you, squeezing your heart
And you don't know whyâ€¦

Thenâ€¦ smileâ€¦
For no reason, no motiveâ€¦
Just like thatâ€¦
Give me the last smile,
Once more, for good-byeâ€¦

Let me go away happy,
Carrying your face in my heart and my eyesâ€¦
Let me go away
Like I've always beenâ€¦
Forever yoursâ€¦
