(Raul Malo)

(Ready, one, two, one, two, three, four.)

Delores from the Silver Screen  
A bigger star than Charlie Sheen  
With quite a knack for being mean  
She is, yes she is, yes she is.

Delores you're a movie star  
You bought yourself a fancy car  
Your parents told you you'd go far  
You are, yes you are, yes you are.

I thought that maybe you'd remember my name  
I have a feeling that in you there's no shame  
Used to tell me that you'd always be mine  
And now it seems like you just haven't the time.

Delores you have torn your dress  
And now your life is quite a mess  
But I still send you all the best  
Oh yes, yes I do, yes I do, yes I do.

--- Instrumental ---

(I thought that maybe you'd remember my name  
I have a feeling that in you there's no shame  
Used to tell me that you'd always be mine  
And now it seems like you just haven't the time.)

Travelling from coast to coast  
At every party you're the toast  
And I still fancy you the most  
Oh yes, yes I do, yes I do, yes I do, yes I do.

Yes I do, yes I do, yes I do, yes I do...
