We've been leading this way for a while  
Always keeping our hearts in denial  
But the rules of the game are as such  
There are some things you never should rush.

With the way that you looking tonight  
It was only a matter of time  
Before I get so overwhelmed  
That I just could not help myself.

I said, I love you, I didn't mean to  
But the moonlight just gave me away  
Now that I said it, trying to forget it  
And pretend it was all a mistake.  
I keep trying to deny it  
This feeling that I know is true  
Stumbling and falling and still after all  
I keep fallin in love with you.

--- Instrumental ---

What's the point of this masquerade  
After all of the cards have been played  
Now, there's nothing for me left to hide  
I hope I have fate on my side.

Either way I got nothing to lose  
Surrender is all I can do  
And if you should be mine in the end  
I'll remember it all happened when.

--- Instrumental ---

I said, I love you, I didn't mean to  
But the moonlight just gave me away  
Now that I said it, trying to forget it  
And pretend it was all a mistake.  
I keep trying to deny it  
This feeling that I know is true  
Stumbling and falling and still after all  
I keep fallin in love with you...
