(Raul Malo)

I am not gonna cry for you  
Not gonna cry for you anymore  
You can tell me that you still care  
Darling, I won't be there at your door.

If you think that I still need you  
May you never think you're right  
So don't expect to see me waiting  
Morning, noon and lonely nights.

--- Instrumental ---

I have tried to understand you  
But you have always proved me wrong  
You have been the great pretender  
And I have been a fool too long.

I am not gonna cry for you  
Not gonna cry for you anymore  
You can tell me that you still care  
Darling, I won't be there at your door.

Not gonna cry for you  
Not gonna cry for you anymore...
