(Raul Malo - Jaime Hanna)

I saw you out the other night  
I thought you'd be with him  
I guess things didn't turn out right  
I tried to call you on the phone  
But you weren't there  
Did you get tired of being alone?

I've got this feeling inside  
Tomorrow will turn out alright  
'Cause I'll have you here by my side  
To hold you and love you with all of my might.

--- Instrumental ---

You told me you were over him  
And I believed in you  
And now he wants you back again  
He tried to call you on the phone  
But you weren't there  
He's probably tired of being alone.

I've got this feeling inside  
Tomorrow will turn out alright  
'Cause I'll have you here by my side  
To hold you and love you with all of my might.

--- Instrumental ---

I've got this feeling inside  
Tomorrow will turn out alright  
'Cause I'll have you here by my side  
To hold you and love you with all of my might.

I've got this feeling inside  
Tomorrow will turn out alright  
'Cause I'll have you here by my side  
To hold you and love you with all of my might.

Hey baby, you know I love you

Hold you and love you with all of my might...
