(Raul Malo - Kostas)

Pretend you're still in love with me
And things are what they used to be
Just one last time before you go
Pretend now you still love me so.

Pretend I'm still the only one
And all our dreams have just begun
I know our love's come to an end
So one more time let's just pretend.

Maybe there's a chance that
You could change your mind
If you just pretend
You love me one more time.

I don't want to be a
Mem'ry or a friend
Darling, you don't have to
Love me, just pretend.

--- Instrumental ---

Maybe there's a chance that
You could change your mind
If you just pretend
You love me one more time.

I don't want to be a
Mem'ry or a friend
Darling, you don't have to
Love me, just pretend.

Darling you don't have to
Love me, just pretend...
