(Raul Malo)

This broken heart will never love again
Because I don't want it to
You came along and showed me I was wrong
To think that I could never love you.

Every time I run away
I know you'll always stay
This broken heart will wear the pain she bore
With you my heart won't break anymore.

--- Instrumental ---

Every time I run away
I know you'll always stay
This broken heart will wear the pain she bore
With you my heart won't break anymore.

No, with you my heart won't break anymore...
