No more shall we pray for peace  
Never ever ask them why  
No more shall we stop their visions  
Of selfdestructing genocide  
Dogs on leads march to war  
Go ahead end it all...

Blow up the world  
The final silence  
Blow up the world  
I don't give a damn!

Screams of terror, panic spreads  
Bombs are raining from the sky  
Bodies burning, all is dead  
There's no place left to hide  
Dogs on leads march to war  
Go ahead end it all...

Blow up the world  
The final silence  
Blow up the world  
I don't give a damn!  
(A voice was heard from the battle field)

"Couldn't care less for a last goodbye  
For as I die, so do all my enemies  
There's no tomorrow, and no more today  
So let us all fade away..."

Upon this ball of dirt we lived  
Darkened clouds now to dwell  
Wasted years of man's creation  
The final silence now can tell  
Dogs on leads march to war  
Go ahead end it all...

Blow up the world  
The final silence  
Blow up the world  
I don't give a damn!
