(Matt Thomas/The Mavis's - Mushroom)

Thought he would
he's all the same and he's
leaving me numb
thought he could
he's all the same and he's
leaving me dumb
I can't cry or fight
I can't cry or fight
Don't tell me that he's alright
don't tell me that he's right here
don't tell me that he won't fade
away
Thought he could
he's all the same so we
only need one
thought he would
oh what a shame we
don't need him to cum
I can't cry or fight
I can't cry or fight
Don't tell me that he's alright
don't tell me that he's right here
don't tell me that he won't fade
away

You're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
you're in a box
He's gonna crawl
off and then there'll be none
he's gonna die

off and let there be sun
I can't cry or fight
I can't cry or fight
Don't tell me that he's alright
don't tell me that he's right here
don't tell me that he won't fade
away
Don't tell me that he's alright
don't tell me that he's right here
don't tell me that he won't fade
away
