I want love in the morning
Love every day
Love 'til the undertaker takes me away

I'll take an option on you baby
I'll take an option on you baby
I'll take an option on you baby
But it's not too late for me to back out

If I can't take it with me
I 'aint gonna go
I'm a real selfish mother and I thought you should know

I'll take an option on you baby
I'll take an option on you baby
I'll take an option on you baby
But it's not too late for me to back out

If it doesn't work out
What will be will be
There's other people out there and that's fine by me
