can't simplify  
all the the things that burn inside  
but when you ask i'm fine  
but i'm lieing all the time  
so its tough to say when you laugh at me this way  
but in my mind i'm crying i'm crying all the time so

so pick up the vibe  
make me wanna justify  
every word thats comeing out your mouth  
no looking back  
you better chose a side  
i'm shakeing within

you fake you lied  
your makeing me hate you  
you fake you lied  
your makeing me want to even more

can't see any good side of you  
but i'm trying i'm trying to  
i can't explain all the damage you can bring  
but when i'm fine i'm dieing i'm dieing all the time so

so pick up the vibe  
make me wanna justify  
every word thats comeing out your mouth  
no looking back  
all i wanna see  
is that your shakeing with fear

you fake you lied  
your makeing me hate you  
you fake you lied  
your makeing me want to even more  
you fake you lied  
your makeing me hate you  
you fake you lied  
your makeing me want to even more

cause i will always be

torn by what i see  
cause i will always be  
the same even though i stopped thinking of you

can't simplify  
all the the things that burn inside  
but when i try i'm trying i'm trying all the time

you fake you lied  
your makeing me hate you  
you fake you lied  
?your makeing me want to even more  
you fake you lied  
your makeing me hate you  
you fake you lied
