Waiting in my room  
I'm lying on the bed  
Cause outside is just too cold  
I turn the radio loud  
So I can fall asleep  
But it's all I've come to know

And I try to keep up for you

Push me and you  
Shoved like you always do  
But nothing's ever the same  
But how can I explain  
The damage you have done  
When all that's left is pain

So I tried to stay awake  
And so I would try to stay awake  
And so I learned...

Waiting in my room  
I'm lying on the bed  
Cause outside is just too warm  
I turn the radio loud  
So I can fall asleep  
But it's all I've come to know

So I tried to stay awake  
And so I would try to stay awake  
And so I learned...

I fucking tried your way  
And I don't like what I see  
Cause I've been put to the test  
And faced all the rest  
And useless is all I'll be  
I tried your way  
And I don't like what I see  
And now I'm bored  
I'm Waiting in my room  
I'm lying on the floor  
Cause outside I just don't know

I turned the radio loud  
So I can hear me think  
But it's all I've come to know

And so I tried to stay awake  
And so I would try to stay awake  
And so I learned...

I fucking tried your way  
And I don't like what I see  
Cause I've been put to the test  
And faced all the rest  
And useless is all I'll be  
I tried your way  
And I don't like what I see  
And now I'm bored

So I burn a part of me that slowly fades to you,  
but how can I plainly see what slowly fades to me

And so I tried to stay awake  
And so I would try to stay awake  
And so I learned...

I fucking tried your way  
And I don't like what I see  
Cause I've been put to the test  
And faced all the rest  
And useless is all I'll be  
I tried your way  
And I don't like what I see  
And now I'm bored
