A lot of you niggas wanna be like me  
Why is everybody player haten me  
I guess it cuz, im ballin in that u.p.t.  
Its the incredible, un-takeable t-e-c and  
A lot of you niggas wanna be like me

Verse one: {tec-9}

I be the rock-rowler nigga you be the puppy  
Hittin atcha, spittin atcha nigga  
You better not let me catchcha  
Now who slipped and left the fuckin gates open  
Im on the outside waitin scopin out opportunitys  
To make a motherfuckin million is this industry and  
I know you recognize Im threaten to shut em down  
Strike em down like lightin it's quite excitin  
To be the player that I be once again call me  
The capital t-e-c pimpin hoes tighter then a nigga  
Rollin opitomes, so wont ya holla if ya see me nigga  
Don't knock me, just watch me, as I rise to the top  
Black connection nigga, and I be slangin all night  
Sleepin all day, can't figure out how I turned out that  
way  
I hang around slangers gang bangers rappers and  
kidnappers  
Now why is everybody playa haten me  
Ski masks passin me by so why should I try  
If Im not strapped with my automatic ak  
Anyway, Im a spray when I hit the corner

Chorus

Verse two: {tec-9}

Got four across the top, nigga all golds  
Ya see, bitches come a fuckin dime a dozen

They see me chillin with the wife, and  
Start the trouble, but on the double  
Ill bust a bubble, break a neck, chin check  
To get respect, like that yall  
Yeah, Im rollin by kind of high in a  
Candy shaw, got connects with the mob  
Bills payed up front, black connections  
Givin a party you gots to bring yo own blunt  
I wonder if Im a last to the end of time  
Or will my face end up on tee shirts  
My family cryin with all this playa haten goin  
On in this world today, whos real whos not  
Nobodys safe to say, I see some niggas  
Who claim to be down, but aint really down  
Cuz when you down, them motherfuckers stop comin  
around  
So Im a stick to the g-code,  
Don't change the niggas that you came up with  
Them the real niggas,  
The bigger niggas that you hang with and slang with  
Tryna find a way to come up on a few keys  
Tryna find a way to come up on a few gees

Chorus: {tec-9}

Why is everybody player haten me  
I guess it cuz, im ballin in that u.p.t.  
Its the incredible, un-takeable t-e-c and  
A lot of you niggas wanna be like me

Verse three: {tec-9}

Got a back yard full of niggas screamin  
Let me go, but I don't think so  
Because you know Im the bounty hunter,  
Bounty hunter comin to getcha,  
The shit that I be carryin straight up splitcha  
I propolize the situation keep on thuggin  
Tellin me you think Im all that, but Im just hustlin  
Comin up in the game, steady fillin up my cocaine  
I fuck with real niggas we live, you die  
I often dream of straight makin it  
You gots to be about them dollars aint no fakin it  
Break out the bacon soda, break out the cola  
Whip it for a hour, bring it back like a boulder  
Its time for distribution, fuckin confusion  
Closin my competition shop down  
Yo look for me, or you get struck down  
Aint no goin down my attitude is straight rude  
When I was lookin out for us, you was lookin out for you  
My enemies are around me, and in my face

They got my crossed out and locked down in that place  
But I'll be back and down for an 187, it gets the job  
done  
Because I brought my mock-11, fully automatic  
Prepare to handle static, rat-a-tatta  
Wont yall look at all these niggas scatter  
Before I let the bullets go, I watch the nigga break  
To his knees and cry just like a hoe  
{bitch ass nigga }

Chorus

{tec-9 talkin }

Spit my rhymes all around and yall sang my shit  
Say yella, them fools wasn't ready for that huh  
Yeah, cuz Im ballin in that u.p.t.  
Ride out with that shit  
Its the incredible, un-takeable t-e-c and  
A lot of you niggas wanna be like me  
Spit my rhymes all around and yall sang my shit  
Spit my rhymes all around and yall sang my shit  
Switch my rhymes all around and say that shit  
Now why is everybody playa haten me  
I guess it cuz Im ballin in that u.p.t.  
Its the incredible, un-takeable t-e-c and  
A lot of you niggas wanna be like me  
Whys everybody playa haten me
