there's no feeling,

no moment,

no thought,

that would make me think

you were wrong

you were there

when I felt the pain

when the girl I loved

told me that she had

fucked my brother in law

Chorus

So you are my friend

a true mate

not like that slot

that fucked

my own blood

and left

without living a note

there's no feeling,

no moment,

no thought,

that would make me think

you were wrong

you told me

she was gone

even though I thought

you were wrong

I knew this song was done
