We were just 3 guys  
who wanted to do something  
really nice  
we were going to give all our things  
to the kids on the streets

But when we were  
on our way  
one of the girls came and said  
I don't want that piece os shit  
pleas take it away  
and he left

Chorus

Why are the kids today  
The biggest threat  
Thier favorite word is shit  
All they want is to get laid  
You have to be carefull on the streets  
12 years old already strip.  
After that we went to an orphanage  
We wanted a kid to say thanks  
We gave the present to a 12 years old

when she opened it, she threw it away  
and said, I don't want that piece of shit.

chorus x1

Why they don't like

The present, I picked for them

I think it's so cool

it's the new vibrator's kit

you could use it in the swimming pool

I think it's the best tool

for every girl

who wants to be cool
