My name is yella boy no not sylvester stallion
Born and raised in third because that's my home
There's not another gangster set like 6th and baronne
Because the bitches peepin' out seven days a week
I wait for the first and third to get paid ya see
My boys in rumors creepin' up but I just don't care
This is live or die sucker no not you thug there
I ride on other gangsters turf and need a gangsta's fit
Cash money means ya got to stay legit
Throwin' paper in the air a quarter now an ounce
Then I call my dog bitch take her to wall street and
make her bow
All the gangsters in the hood be up to no good
Pack the mutherfuckin' chrome smoke boo-koo weed

Growin' up was hard but it all paid off well
I was only eleven when I started to sell
6th and baronne was the set that I sold rocks
Drinks done went crazy because I'm servin' the block
Now I'm on the run I guess I got to go
I slipped and sold to an undercover five-o
They say they got a reward if ya know where I'm at
But I'm gonna make it hard for 'em because I'm packin'
a gat
Now I never was the type to run away from my home
(why)
Because I'm a nigga from 6th and baronne
