Drought 3, yizzow!

(verse 1)

I bought it out like stunna, I hope when we kiss we make
ya sick to ya stomach,
Stuntin like my daddy and ya mama eat rubbers,
I bet that I can do the mouth to mouth with ya women,
my house is a dungeon
Yellow diamond ring lookin like a little funyon,
stand on my toes you can call me paul bunyon,
Switchin up my floors like a nigga do construction,
The microphone wet cause my words like seduction,
And when we on the jet you dont come up in a
discussion
and if ya say you ballin, we probably dont trust ya.
I not know plently freak hoes that probably wont fuck ya
even if ya pay em boy they probably wont fuck ya
only if i say that she can touch you like busta
but she might touch ya, and burn you like usher.
me and my clique bein red like russia
I shit these rappers out and sometimes i forget to flush
ya
grand daddy purp or bubble could crush ya
explode in a bitch mouth like a gusher.
cash money young money check the production
i am just a marshant get prepared for abduction
