Did you love him as he died on the cross  
Did you learn the meaning, end or cause  
On and on you know I hear it said  
Only listening when you are dead  
No recognition for a shining jewel  
Why do men have to be so cruel  
It won't be the first, it won't be the last  
In the future and in the past

No excuses for mistake  
Always someone left to foresake

Chorus:  
Love me when I'm dead  
Love me when I'm dead  
Love me when I'm dead  
Love me when I'm dead

No avow for the sublime  
It will be that way 'till the end of time  
Each and all there's instilled some good  
Little or nothing's left understood  
Criticizing all that is true  
Just going on what you thought you knew  
It won't be the first, it won't be the last  
In the future and in the past

-Chorus-

That's the way it's going to be  
It's me and you to make history  
In the future in the past  
Won't be the first, Won't be the last

-Chorus-
