In the bunker suppressing fire  
Burning heat of hot desire  
Ammo box and bullet belt  
Automatic weapon how it felt  
Assume position and take the mound  
Spitting shells, we're victory bound

Barrage of shrapnel, a shower of lead  
The taking of the beach head  
Metal fatigue so grease the barrel  
Evasive action and deadly peril  
Fire at will  
In for the kill  
Kill or be killed

Shoot your machine gun  
Machine gun

Spring loaded, trigger happy firing cap  
Blow the beach right off of the map  
Pull the fire pin - ready to go  
Squeeze the trigger and watch it blow

Machine gun  
Shoot your machine gun  
Take aim and fire

Machine gun  
Shoot your machine gun

Powder burned from rapid fire  
Magazine did so expire  
Discharge recoil when it's spent  
Objective achieved withdraw with intent  
Now the fortress was taken by force  
A warring intercourse

Machine gun  
Shoot your machine gun  
Machine gun  
Shoot your machine gun
