"Piss Test"

Invading your privacy by authoritative rule
Finding a culprit or maybe a mule
Law breaking citizen tries to keep it cool
Keep it cool
You must try to abstain
Nothing to stop the pain

For breaking this law they will incarcerate
Random testing, they wait for you to urinate
You must try to abstain
Nothing to stop the

Piss test, fill the cup
Piss test, filler up
Technology today makes it easy to pry
Well all I can say is "Here's piss in your eye"
Here's piss in your eye
You must try to abstain
Nothing to stop the pain

Piss test, fill the cup
Piss test
