"Sativa"

There's a plant that we all know as sweet sativa
Long sticky leaves and a frosty glow sweet little diva
Sweet Sativa, never leave ya
Gets me threw the stresses in my life

Sativa, sweet sativa

Fragrant scent that you long to smoke, sweet sativa
If you posses this to have a toke, I wanna meet ya
Sweet Sativa I'll never leave ya
Gets me threw the boredom in my life

Sativa, sweet sativa, sativa, cannabis sativa

Grown by nature down in Mexico, sweet sativa
Don't say it's bad, I don't wanna know, I won't believe
ya
Sweet sativa, I'll never leave ya
Gets me threw depression in my life

Sativa, sweet sativa, cannabis sativa
