"Vengeance To Kill"

Visit "[Vengeance To Kill](#)" on MotoLyrics.com

I hate the world and everything that's in it
I want to kill them all, don't care if they know I did it
I pack a gun
I'm on the run
And I'm not afraid to use it

I hate the law and the justice system
I think it's sad there's no shred of wisdom
Turns my heart cold with hate
Years go by, now it's late

Chorus:
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill

I hate the world and don't think I can change it
I want to kill them all but I'll probably never do it
I pack a pen
I hope I offend
And I'm not afraid to use it
Drive a point home to you
Is all that I want to do

-Chorus 2X-
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
Vengeance to kill
