Sat around and checked my watch
As I waited for the midnight hour
And I thought about the things
That happened
On this day that began thirteen years ago
I started on this journey
I started on this journey

Yeah, I smile when I think about it
Know I can't live without it
Laugh and go on about this all the time
Never have I felt this way
Always will it be the same
Here I am infatuated

Never thought that it would take me up this far
When I picked up a guitar
And learned to play it for the first time
But here I am and here we are
Doing what we want to do
I'm lucky beyond luck
And I won't mess it up

Yeah, I smile when I think about it
No I can't live without it
Laugh and go on about this all the time
Never have I felt this way
Always will it be the same
Here I am infatuated

Smile when I think about it
No I can't live without it
Laugh and go on about this all the time
Never have I felt this way
Always will it be the same
Here I am infatuated

Yeah, I smile when I think about it
No I can't live without it
Laugh and go on about this all the time
Never have I felt this way
Always will I be the same

Here I am infatuated
Yeahhh....
